Join us for the Magic of Outdoor Theatre...

Our theatre camps take each student on a personal journey through the world of Shakespeare. Their natural imaginations will be embraced and nurtured as their ability to focus and work as a team increases. Each week-long camp ends with a free performance (picnic recommended) in the parks for family and friends.

A Midsummer Night's Dream

The fairy world is falling apart, and that puts the real world in chaos too! Fairies are playing tricks: making rivals out of friends and enemies out of lovers. A group of clownish laborers meet to rehearse a play, but their lead actor has disappeared! Students will memorize and perform a one-hour cutting of this play. Besides working on acting, students will play games, learn to speak and understand the language, and engage in some basic hand-to-hand stage combat.

In this camp, students will rehearse and perform a cutting of this play in a week, including training with prop swords and hand-to-hand stage combat.
